Eligibility & Admission Procedure

Students expecting more than 80% marks in Pre-Board Examination of BSE, Odisha, ICSE, CBSE or any other equivalent examination are given provisional admission on an advance payment of Rs.30,000/-. Application forms for provisional admission is available from the college office by payment of Rs.100/- or can be obtained by post by sending a D.D. of Rs.150/- drawn in favour of Jupiter Science College payable at Bhubaneswar. Application forms can also be downloaded from the website: www.jupiter.ac.in. In such case, Bank Draft of Rs.100/- drawn in favour of Jupiter +2 Science College, payable at Bhubaneswar must be attached while submitting the application form. Duly filled in application forms should reach the Principal, Jupiter +2 Science College, N/5-533, IRC Village, Nayapalli, Bhubaneswar-15 by 31st March'2010.

After publication of 10th Class result, all students have to apply for admission afresh in the prescribed application form which will be provided to them free of cost. Provisional admission will be regularized basing on the marks secured in the 10th Class / performance in the Class Test during Summer Course. **Payment received during provisional admission will be adjusted. No additional Fee will be charged for summer course** However, the college reserves the right to refuse a student for admission on disciplinary grounds or poor performance.

Scholarship : Jupiter Science College provides scholarship for meritorious students.

Library

The Library is stock piled with all the CHSE recommended text books and other high quality reference books of national and international standard and journals. It has also a good number of entrance competitive examination related books. The library also has a very good collection of philosophical book for moral & ethical development of students.

Laboratory

The college has well furnished state of art laboratories with all the prescribed instruments of latest make. Experienced laboratory Instructors / demonstrators are the typical hallmarks of Jupiter Science college.

Transport

The college provides transport facility for desirous day-boarding students.

Introduction

Jupiter +2 Science College (JSC) is the first residential +2 Science College in Odisha established in the heart of the temple city of Bhubaneswar to meet the growing demands of quality +2 science education. Jupiter Science College is a constituent unit of “Gandhi groups of Institutions” which has already established 10 technical institutions in Odisha and also has a decade of proven track record of imparting global standard of technical education in Odisha. Since its inception in 2002, the college has grown to one of the most respected and reliable +2 Science College in Odisha.

Apparently, the College is largest in terms of faculty strength and widely networked +2 science colleges in the country. Innovating and adopting new methods for +2 science education, jointly focuses on +2 science CHSE syllabus and grooming the student for IIT, AIEEE, AIPMT & Odisha-JEE. It also empowers the students to bear the best by making available all support systems like library, well equipped laboratory and air-conditioned audio-visual classrooms.

Boys Campus (Gangapada)

After functioning for seven years inside the city it has been shifted to the outskirts of Bhubaneswar (Near Gangapada Toll Gate) to its own building. The college has hostel facility as well as day-boarding facility. For day-boarding students transport facility, Veg-lunch and refreshment, reading room is available. It has its own sophisticated campus with canteen, playground, 24 hours power supply, stationery store, broadband internet facility etc.

Subjects available

Compulsory Subjects : English, M.I.L. (Oriya/Alt. Eng./Hindi/ Sanskrit), Physics, Chemistry, Mathematics, Environmental Science (1st year only).

Elective Subjects : Biology/Electronics/Statistics/Comp. Sc./I.T.

Girls Campus (Bhubaneswar)

The founder of Jupiter +2 Science College, has added another feather in its cap by establishing a new residential-cum- day boarding college totally dedicated for girls, the first of its kind in the State of Odisha. Jupiter Women's +2 Science College at N/5-533, IRV Village, Nayapalli, Bhubaneswar affiliated to Council of Higher Secondary Education, Odisha and recognized by Govt. of Odisha will enroll girl students from the academic session 2010. Hostel facility is available in the heart of the city very close to the college. For day-boarding students transport facility is also available.

Subjects available

Compulsory Subjects : English, M.I.L. (Oriya/Alt. Eng./Hindi/ Sanskrit), Physics, Chemistry, Mathematics, Environmental Science (1st year only).

Elective Subjects : Biology & I.T.
